A Call to Action for Indiana Youth!

Here's your opportunity to make your voice heard.

- Influence policy-makers, elected officials, media, and law enforcement officers.
- Meet other students from across the state.
- Learn about advocacy and community involvement.

The Indiana Criminal Justice Institute and its POY students are organizing the ninth annual forum – Youth Summit on alcohol, tobacco,

other drugs, traffic safety, and public safety.

The summit will provide Indiana youth a platform to present solutions and thoughts regarding issues in Indiana.

During the two and one-half day summit, students will work with their peers, as well as adults, to create positive solutions to the issues that directly affect youth.

Students will select workshops in the areas of

alcohol, tobacco, other drugs, traffic safety, and public safety to gain knowledge of the pressing issues affecting them. They will use this knowledge to create an action plan for use in their local communities.

The summit participants will compile recommendations at the conclusion of the event and issue a written report to policy-makers, elected officials, and to the media.

Goal

- To bring together young people from across the state and obtain **new solutions** and **creative approaches** from those who are directly affected by the issues influencing Indiana youth.

What is ICJI?
